

Volunteers Needed on Town Committees

The Town of Bedford is always looking for volunteers to help on town committees. Currently there are a few openings, but throughout the year new openings pop up and we'd love to have a nice pipeline of names of interested residents. So, if you are thinking about helping out, we encourage you to attend a meeting or two and fill out a questionnaire for the committee you are interested in and submit it so that we can keep you posted.

All meetings are open to Bedford residents and schedules are on the town website. If you are unsure and would like to talk to someone, feel free to reach out to the Chair of a committee or someone on the committee. Contact info is also on the town website.
